

# COMMUNITY SERVICE PLAN OVERVIEW

## ABOUT THIS PLAN:

This plan shows how SJRH will work with the community to improve health from 2025 to 2027. It focuses on the most important health needs identified by residents and aligns with New York State health goals.

## OUR TOP PRIORITIES

### 1 CANCER PREVENTION

- **Goal:** Help more adults get colon cancer checks starting at age 45
- **Why It Matters:** Finding cancer early saves lives
- **Target:** Increase screening rates by 10% by 2027

### 2 SAFER BIRTHS FOR MOMS & BABIES

- **Goal:** Lower C-section rates and improve care for all moms, especially Black moms
- **How:** Use TeamBirth program and offer more prenatal and postnatal education
- **Target:** Reduce C-section rates to national benchmarks of 30%

### 3 PREVENT OVERDOSE DEATHS

- **Goal:** Give out more Narcan kits and teach people how to use them
- **Why It Matters:** Quick action can save lives from opioid overdose
- **Target:** Host 4 Narcan training events by end of 2027

## WHAT SJRH OFFERS THE COMMUNITY

- Full hospital care: emergency, maternity, surgery, cancer care, and specialty services
- Maternal Health Leadership: Only maternity provider in Yonkers; strong focus on equity and safety
- Cancer Screening & Education: Partnerships to promote early detection
- Behavioral Health & Addiction Services: Largest inpatient detox and rehab program in NY State; outpatient clinics and methadone programs
- Community Support: Health education, financial assistance, and culturally sensitive care
