

# Virtual Urgent Care

Call 914.964.4429

Virtual Urgent Care visits are available for emergency patients. If you have an urgent medical concern, St. John's Riverside Hospital emergency providers are available to provide video care appointments 9am through midnight, 7 days a week. You can video chat with a provider from a mobile device or computer without leaving your home. Virtual video visits are covered by most health insurance providers. **Call 914.964.4429** to register. A link will be emailed or texted to you, and you will be quickly connected to a provider. *If you are experiencing a medical emergency, please call 911.*
